## MRS. SUE P. FOOTE LIVES TO BE 88

Widow of Ludwell A. Foote Prominent Resident of County. Six Children Survive.

Mrs. Sue P. Foote, widow of Ludwell A. Foote, fell asleep at 9:30 o'clock Wednesday morning at the home of her son, Mr. Wallace Foote, and Mrs. Foote, of Bewleyville.

Mrs. Foote's death was due to infirmities, incident to old age. She had been in declining health for more than a year. She was born in Brandenburg, Meade county, Ky., eighty-eight years ago last April. Mrs. Foote's maiden name was Miss Sue Stuart. Before she was five years old, she with her parents moved to Webster, Breckinridge county. It was in 1885 that she was married to Ludwell A. Foote, who was prominent throughout this county in political affairs.

Mrs. Foote was a member of the Bewleyville Methodist church for over fifty years, and was faithful in her stewardship as a Christian woman. She was the devoted mother of seven children, six of whom survive. They are: Mrs. M. Ross, of Mattoon, Ill.; Mrs. R. V. Board, of Houston, Texas; and Mrs. V. G. Babbage, of Cloverport. Messrs. Wallace and Gerrard Foote, of Bewleyville, Dr. P. W. Foote, of Rosenberg, Texas and Edwin Foote deceased. With these there are several grandchildren and great grandchildren surviving.

## BRECKINRIDGE HAS INCREASE OF FARMS

Breckinridge county is shown by the Census Bureau at Washington, to have gained in the number of farms since 1900. The Census reports 2,818 farms in 1900, 3,103 in 1910 and 3,300 in 1920.

Thirty-five counties in the State showed a decrease in farms.

## MISS TULA DANIEL FOUND DEAD IN BED

Prominent Woman of County Victim of Apoplexy. Active in Missionary Work.

Miss Tula Clay Daniel, a prominent woman of Breckinridge county, and who is widely known in the church circles of the State for her activities in mission work, was found dead in bed at her home in Hardinsburg late Monday afternoon.

Miss Daniel's lifeless form was discovered by neighbors who made their way into her home after they received no response to their knocks. Miss Daniel was last seen on Sunday evening as she returned home from the evening church service. On Monday her neighbors noticed the house being closed and missed her being about, but they were of the opinion that she was out on some special mission work which she had planned to do that day. About 3 o'clock in the afternoon her friends became alarmed and went to her home where they found her dead in bed.

Miss Daniel's companion and housekeeper was on her vacation leaving Miss Daniel alone. The deceased was apparently in good health, and the suddenness of her death came as a complete shock to her friends. It is believed by physicians that death was due to apoplexy and that she passed away early Sunday evening.

Miss Daniel's sister, Mrs. Clara D. Ely, of St. Louis, and two brothers, Fred M. Daniel, of Mammoth Springs, Ark., and Portia M. Daniel, of Brooklyn, N. Y., were notified of her death. The funeral arrangements are to be completed upon their arrival Tuesday evening.

## Always Lived in County.

Miss Daniel was the daughter of the late Vivian Daniel. She was about sixty-two years old, was born and reared in Hardinsburg, and has always lived there. She was a member of the Southern Methodist church, and a strong church worker.

Several years ago, Miss Daniel held an office in the Louisville Conference of the Woman's Missionary Society. She gave generously of her time and means to foreign mission work. She has pledged and supported the Tula C. Daniel scholarship in one of the Methodist foreign mission schools for several years, and in fact has practically devoted her life to mission work.

At the time of her death, Miss Daniel was the County Secretary for the Near East Relief work. She has carried on a strenuous campaign for the Armenians and on the day she was found dead, she had planned to gather up old clothes for the Near East refugees in her home town.

## SUDDEN DEATH OF YOUNG GIRL

Lillian Pauley Has Short Illness Caused From Diabetes. Age 14.

Miss Lillian Ernestine Pauley, age fourteen years, died Tuesday evening at 6 o'clock at the home of her parents, Mr. and Mrs. Fletcher Pauley, on River street in the East End. Miss Pauley's death was caused from diabetes. She had been suffering from it for two years, but her condition was not considered grave until Monday before she succumbed.

The funeral was held Thursday afternoon at 2:30 o'clock from the residence, Rev. J. R. Randolph conducted the service, and the interment was in the Cloverport cemetery.

The pall-bearers, school mates of the deceased, were: Misses Mabel Whitehead, Mary Whitehead, Annie Mae Tatum, Vera Jolly, Maggie Squires and Juanita Matheny.

Miss Pauley was born July 19, 1906, and was the daughter of Fletcher and Annie Lynch Pauley. She was in the seventh grade of the Cloverport Public school, and a member of the Baptist Sunday-school which she attended regularly. She held many friends among her associates, and possessed a sweet and friendly disposition.

Surviving are her parents and two sisters, Mrs. Earl Summers, of Henderson, and Margaret Pauley.

## WILL SOLICIT CLOTHING FOR ARMENIAN RELIEF.

Irvington, Oct. 8. (Special)—Rev. W. L. Baker preached to a large and interested audience Sunday a. m. and evening. He made a short talk on Armenia Relief and appointed Mesdames C. L. Trent, Raymond Kasey, J. C. Payne and T. R. Bland to make a house to house visitation and solicit clothing to be sent abroad in the very near future.

## KENTUCKY FALLEN OFF IN HEMP PRODUCTION

Kentucky once led in hemp production, but has turned to more profitable crops and relinquished the lead to Wisconsin, according to the United States Department of Agriculture. The Badger State cultivated 7,000 acres, half the country's total, this year, followed by Minnesota, Michigan, Ohio, and California, with Kentucky sixth.

## REVIVAL PLANS ANGER NEGROES

Pastors of Black Flocks See Insult in Segregation and Won't Attend Meeting.

## CHICAGOAN IS AGITATOR

(Courier-Journal)

Taking affront at the reservation of a section of the Gypsy Smith Tabernacle for them during the meeting, negro ministers of Louisville have refused to be present to hear Gypsy Smith in his revival campaign, which will begin Sunday.

"The negro ministers of the city were invited to occupy a section of the tabernacle just as the white ministers are going to do," J. H. Dickey, chairman of the committee sponsoring the revival, said last night. "If the invitation has been rejected the committee is sorry, but can do nothing more."

The Rev. M. P. Hunt, pastor of the West Broadway Baptist Church, presented the invitation of the committee to the Interdenominational Alliance, the negro preachers' organization, Monday night, October 4, and last Monday night, he said yesterday. The alliance does not include the Baptist negro clergy, who are understood to have no objection to the segregation.

## Chicagoan Stirs Trouble.

The atmosphere at both of the meetings was one of resentment on account of the alleged insult to their "social equality," the Rev. Mr. Hunt said. His first invitation was extended at a meeting of the preachers in connection with a negro rally at the Jackson street Negro Methodist Church. Congressman Charles F. Ogden had addressed the gathering.

The trouble here was started by Archibald J. Carey, a negro ecclesiastic of Chicago, according to the Rev. Mr. Hunt, who said that Carey asked him if there would be a separate section for the negroes. "On being informed that there was Carey cried, 'Not for us,' and his brother clerics answered 'Amen.'"

## Announced By Negro Paper.

Having been requested by two of the negroes to extend the invitation again the Rev. Mr. Hunt did so Monday afternoon. The preachers met on that occasion in the basement of the Negro Y. M. C. A., Tenth and Chestnut streets.

First news of the rejection was published in a negro newspaper here. Members of the evangelistic committee up until yesterday, had not made it public.—Advertisement.

## PARENT-TEACHERS ORGANIZE

## ALLEN ROLLINS' WIDOW SUCCUMBS

Remains Brought From Evansville To Stephensport For Burial. Age 85 Years.

Stephensport, Oct. 18. (Special)—After a lingering illness, Mrs. Eliza Rollins, widow of Allen Rollins, passed away on Wednesday, Oct. 13th at Evansville, Ind., at the home of her step-daughter, Mrs. Amanda McMillen.

Mrs. Rollins was born, Feb. 10th, 1834, having reached the age of 85 years and eight months, full of years and good works.

Her funeral was conducted by her pastor, Rev. C. B. Gentry at the home of Mrs. Georgia Gardner, in the presence of a large congregation, on Thursday afternoon, Oct. 14th. After the Bible reading in Psalms and very appropriate remarks, her remains were buried beside her husband. The many graves and friends bore eloquent and beautiful floral tributes from testimony to the high esteem in which she was held.

Relatives of the deceased who attended the funeral were: Mrs. Amanda McMillen and daughter, Miss Ella Louis, Mr. and Mrs. Huber McMillen and little daughter, all of Evansville, Ind.; Mrs. Pennington and son, Robert Pennington, of Owensboro; Mrs. Manns, of Skillman and Mr. and Mrs. J. C. Weedman, of Cloverport.

## A SOUTHERN MISSOURI INDUSTRY.

A rattlesnake ranch, the only one of its kind, in the country, is located on Indian Creek, five miles from Anderson, in the fastness of the Ozarks. The ranch is managed by Miss A. Hearn, assisted by her sixteen-year-old brother. They look after the entire business of snake raising except occasionally hiring an Indian who is willing to take the risk of capturing a rattlesnake alive. The ranch now has 600 snakes in the pits. The principal profits of the enterprise comes from the sale of the poison extracted from the rattlesnakes, which is sold to healers and museums at the established rate of 50 cents a pound. The smaller snakes are killed and their flesh rendered for the rattlesnake oil, which sells for \$1 an ounce.

## WILLIE PATTERSON WEDS

Willie Patterson, a farmer of Mook, Ky., obtained a marriage license in Cannelton, last week to wed, Miss Mary E. Mattingly, of Westfield, Ky.

## AGRICULTURAL FAIR IN COUNTY

Much Interest Being Shown Throughout County. Schools Will Be Dismissed on 12th.

Farmers throughout Breckinridge county are demonstrating interest in the Agricultural and School Fair, to be held in Hardinsburg, on November 11th and 12th. The fair will be held in tents on the Court House square, where there will be ample space to house all the exhibits. As there is a bountiful crop of corn and tobacco, these two departments are expected to be especially strong.

There will also be a splendid display of hogs, as there has been a great interest demonstrated in pure bred hogs, during the past two years. Judge D. D. Dowell is also expecting a fine display in his department.

Superintendent of schools, J. R. Meador, has dismissed schools on the 12th, and several hundred school children, with their teachers and parents are expected to be in Hardinsburg on that day.

It is hoped by the farmers and citizens of Hardinsburg that sufficient interest will be demonstrated, to make this an annual affair.

## AXTEL SCHOOL RAISES \$30.85 FOR KY. HOME SOCIETY WITH PIE SUPPER.

Axtey, Oct. 18. (Special)—On Thursday night, Oct. 14, a pie supper and spelling match was given at the Sand Knob school house, receipts of which were to defray the school's assessment for Kentucky Children's Home Society. The weather being most favorable the house was taxed to its capacity. The early arrival of visitors from neighboring districts gave much encouragement. The success was due to the spirited bidding by the loyal gentlemen, who safely placed in over the top, the assessment being \$20.00. Total receipts being \$30.85.

The teacher Miss Rena Eskridge and her pupils extend their thanks to the patrons and especially to the young folks, both boys and girls, of McDaniels district.

## SUFFERED WITH RHEUMATISM, CATARRH AND STOMACH TROUBLE

"I think Number 40 For The Blood, as a blood purifier, has no equal. When I began to take Number 40, I was in very poor health, as I had rheumatism, catarrh, stomach trouble, lead poisoning, and an itch that I had tried almost every known remedy to relieve. I have taken six bottles of 'Number 40' and am on a fast road to recovery. I owe my life to it, as I used to weigh 127 pounds and now weigh 148, my usual weight. I could write more but this should be enough to convince the most skeptical, and you are at liberty to use this letter any way you desire." Geo. Klinker, Lima, Ohio.

Farmers are wonderfully busy, cutting tobacco, corn, pea hay and making up their sorghum.

Ladies, have you read the League of Nations covenant? All who have not done so, should read it before the election. It is not safe to trust to hear say on so vital a question. Get a true copy and read it for yourself. Get first hand knowledge of this great and wonderful covenant. It should not have a political issue with only one party, but both of the great parties should have stood for it, and ratified the treaty. For the League of Nations seems to be the only route open to a world peace. A Covenant that will render all wars impossible, for when the World is disarmed, and the soldiers all sent home to follow the peaceful pursuit of life there will be no incentive to war on their fellow man. But so long as great standing armies are kept, the nations will want to use them and thus precipitate war, like Germany whose great army was once the boast of all the world. And their vanity went to their heads for the Kaiser vainly believed that he could whip all creation, thus become ruler of the earth.

I believe that every woman should go to the polls in November and vote

## KY. HAS MILLION BUSHELS OF CORN

Estimated There Are 21,505,000 Bushels Over Last Year's Crop. County's Crop 98 Per Cent.

With the growing season almost ended, except for very late tobacco and a small amount of the late corn that is now maturing, Kentucky's crop prospects now indicate the production of approximately 104,075,000 bushels of corn compared to 82,500,000 bushels of corn compared to 9,900,000 bushels of corn compared to 436,500,000 lbs. produced in 1919. The United States entire tobacco crop this year is now estimated at 1,478,788,000 lbs., compared to 1,389,458,000 lbs. last year, or about 6.4 per cent increase.

These estimates were issued jointly at Louisville and Frankfort by H. F. Bryant, Kentucky agent of the U. S. Bureau of Crop Estimates, and State Commissioner of Agriculture W. C. Hanna. The following estimates of other crops produced in Kentucky and the United States this season, with comparisons with 1919 crops, were issued at the same time: oats (Ky.) 10,129,000 bushels, compared to 9,900,000 bushels last year; barley 112,000 bushels, compared to 100,000 bushels last year; potatoes 6,637,000 bushels, compared to 5,040,000 bushels last year; sweet potatoes 1,632,000 bushels, compared to 1,680,000 bushels last year; sorghum molasses 3,236,000 gallons, compared to 2,542,000 gallons last year; clover seed 52,800 bushels, compared to 38,000 bushels in 1919; apples 5,671,000 bushels, compared to 1,480,000 bushels in 1919; and pears 306,000 bushels, compared to 600,000 bushels last year.

Condition of minor crops is as follows: buckwheat 89 per cent, pasture 96; field peas 90; cabbage average yield per acre 2.5 tons; onions per cent of normal yield 95, average yield per acre 120 bushels; grapes, condition, 83 per cent; pears 75; broom corn, per cent of normal yield 96; sorghum for sirup, condition 97 per cent, average yield per acre 102.8 gallons.

Condition of corn in Breckinridge county is 98, potatoes 88, tobacco 83, pasture 100 and sorghum 103.

## AMERICA SAVES HALF MILLION LIVES IN N. E.

Near East Relief Secretary Returns From Armenia and Reports.

New York City—At least half a million persons are living today in the Near East who would have perished had it not been for relief sent from America. Charles V. Vickred, general secretary of the Near East Relief, told the executive committee of that organization. He recently returned from an extensive inspection trip through Armenia, and other countries of the Caucasus, where the Near East Relief operates.

Although, he said, the Armenian people were rapidly recuperating from the paralysis caused by the war he declared thousands would die of starvation this winter unless further aid is given from America. Summarizing the financial operations of the organization, Mr. Vickred reported \$41,000,000 had been collected and administered, and the contributions of flour by the United States Grain Corporation, he said, brought the total to "considerably in excess of \$50,000,000."

her own sentiments. Do not grope blindly, but inform yourself first hand without prejudice, and then use your own judgement of what is right or wrong. We fought hard for this privilege, and it was only grudgingly granted to us; so now if we intend to use our power to cleanse the world and make it a fit place in which to live, we women will have to use our own heads and hearts and not depend on just tagging along where our menfolks want to lead us.

I am glad that both of the presidential nominees have come out for the dry act and that they respect it as part of our Constitution.

I am for a sober world! And the League of Nations—a world Peace, if you please, and when I go to the polls I shall vote for Governor Cox and his ticket, for I have informed myself and that route looks good to me.

## SQUEEZE THEM OUT

At last the farmers have opened a real war upon the food speculators. The head of the Illinois Agricultural Association Grain Marketing Bureau brings the news. He has just returned from a canvass of the farming districts in the West and Middle West, and he declares that the farmers have resolved to put the speculator out of business.

"They feel that they have reached a place when they are little better than producing serfs, at the mercy of speculators in food," he says. "They are going to correct this, not by meddling with political parties nor by forming a party of their own, but by eliminating the speculator. They are going after the ownership and control of the grain elevators of the country."

The food speculator has been elected to the hall of infamy in this country now for many months. The movement of the grain raisers suggests that action more important than verbal beratings now awaits him. He is the real enemy of the people, all the people, as well as that portion of them that spends its life raising grain.

Only last week the country had an exhibition of how irresponsible and absurdly he works. A wheat brokerage firm instructed its agent to sell 100,000 bushels of wheat in the Chicago pit. He mistook the instructions to read 1,000,000 bushels. So he sold 1,000,000 bushels—and broke the wheat market and upset economic balances whose delicacy of adjustment meant much to the Nation.

The speculation in foodstuffs by such dangerous and asinine agencies is here exposed pitilessly in all its absurd and parasitical futility. And the people of the United States who have to eat to live bid the farmers God-speed on their campaign.—Boston Globe

Fresh beef selling from wagons at 10, 15, and 20 cents a pound. Now don't this sound good.

## FARM AND STOCK

Beautiful weather all last week enabled the farmers to harvest their cane—sow wheat and grass, many farmers are sowing grass instead of wheat on account of the price of seed and labor. Say they'll take a chance on grass and when sowed it doesn't cost so much to take care of it. Farmers are cutting out all crops that call for steady labor as it is so high and hard to get.

Farmers are awfully blue over the prices of their products. They say everything they produce is going down and things they have to buy are not going down in proportion. They claim that while they have abundant crops this year the price will be so low they won't come out with very much ahead.

Dogs got into several herds of sheep around Garfield, last week and killed and wounded nearly all their sheep. W. T. Dowell lost eight head and several head were killed for Roy Kennedy and E. V. Smith.

Cover with a brine made of 1 cup salt and sufficient water to cover. Let stand over night. In the morning drain and mix the following into a soft paste: Six teaspoons mustard, 1 tablespoon turmeric, 2 cups white sugar 1 cup flour; add 2 quarts hot boiling vinegar. Cook until creamy. Pour over pickles and cook a few minutes. Bottle while hot in airtight jars.—Selected.

## SOCIETY ITEMS

Of Personal Interest

### Home Wedding of Miss Miller and Capt. Holmes.

On Tuesday afternoon, October 19, at 4 o'clock, Miss Martha Lee Miller, and Captain Richard Nelson Holmes, of Ashville, N. C., were married at the old Oglesby homestead, the home of the bride's aunt, Mrs. Ella W. Oglesby.

Rev. J. R. Randolph, pastor of the Methodist church, was the officiating minister, and said the ring ceremony in the presence of a few relatives and close friends of the bride.

The wedding was solemnized in the large reception hall of the country home, where an improvised altar of ferns and autumn leaves, lighted with cathedral candles, was arranged for the bridal party. Chrysanthemums were used in the decorations throughout the home.

During the ceremony, the soft strains of "Call Me Thine Own," as a violin solo, was heard from an adjoining room.

There were no attendants. The bride who entered with the groom, wore her traveling gown of blue cloth braided in silver thread. Her hat was blue trimmed in silver, and she held a loose arm bouquet of pink Kilarney roses.

Following the ceremony an informal reception was held. The out of town guests were Mr. and Mrs. Lightfoot Miller and son, John Miller, of Hawesville; Mr. and Mrs. T. B. Miller, of Owensboro, and Mrs. John E. Kincheloe, of Hardinsburg.

Capt. Holmes and Mrs. Holmes left on the afternoon train for Washington, D. C. They will go from there to New York and take a motor trip on through the East, then go to Canada. Upon their return they will be at Trenton, N. J., where Capt. Holmes is stationed at Camp Dix.

Capt. Holmes is a member of the 7th Field Artillery, 1st Division He was in service on the Mexican border and was overseas in the World War.

Quite a bit of romance is attached to the wedding as Capt. Holmes met his bride this summer while he with members of his company were out on a recruiting trip and camped near the Oglesby homestead. The bride is a member of one of the oldest families in this city, and has since childhood made her home with her uncle and aunt, the late E. B. Oglesby and Mrs. Oglesby.

Capt. Holmes will retire from the army service in December, and after that he and Mrs. Holmes expect to reside in Canada.

### Mesdames Dowell and Bess Hostess to Magazine Club.

Mrs. Geo. E. Bess and Mrs. Davis Dowell entertained the Magazine Club on Friday afternoon at the home of Mrs. Bess in Hardinsburg.

On the program were Mrs. Sallie M. Beard, who gave an interesting talk on "Rio De Janeiro in the Land of Lure," and Mrs. E. B. English had the biography of three Kentucky Authors, James Lane Allen, Alice Hegan Rice and Mrs. Fairfax Childs. Mrs. English also gave two readings, "In Old Kentucky" by Mulligan, and "Naming the Twins" by Childs.

Delightful refreshments were served the guests who included: Mesdames, Jess Whitworth, J. Raleigh Meador, Minor Compton, W. C. Moorman, P. M. Beard, Arthur Beard, Herbert Beard, Herbert Powers, Russell Compton, A. M. Kincheloe, Percy Beard, Raymond Warren, Fred Schultz, J. F. ### Thirtieth Wedding Anniversary Celebrated.

The thirtieth anniversary of the marriage of Mr. and Mrs. C. W. Satterfield was celebrated at their home on the Hill, Saturday evening, Oct. 16. The date was not remembered by her friends until Friday and someone suggested a surprise anniversary. It was altogether an impromptu affair but there were enough present for a most enjoyable evening and each vied with the other on it being an entertaining one. At 7:30 with greetings

and presents, the friends knocked at the door where they were received with much surprise. At the proper time a fine lunch that had been prepared at the nearest neighbors was served. And all who were present will remember with much pleasure the occasion. And Mr. and Mrs. Satterfield will remember the wishes of their friends for many returns of the same date.

### To Celebrate Their Golden Wedding.

Mr. and Mrs. Roland A. Smith, of Stephensport, have issued fifty invitations to a twelve o'clock dinner on Wednesday, Nov. 10, at their home in honor of their fiftieth wedding anniversary.

## The One Vital Issue

The one vital issue is this campaign is the League of Nations. The Republican party is opposed to it and declares that it will provoke war and cause our boys to be sent to Europe.

The Democratic party declares it will insure peace and prevent our boys from being sent abroad.

If the Republican position is correct then every Democrat should vote for Harding.

If the Democratic position is correct then every Republican should vote for Cox.

The League covenant was framed as a part of the peace treaty by the Allies, including the United States, after the most horrible and devastating war the world had ever seen: It was formed by four of the greatest minds in the world in sight of the blood drenched fields of Europe. Did these men form this League to provoke a repetition of the bloody tragedy or did they form it to prevent a repetition of war's holocaust?

Is there a sane citizen of this country who does not believe that this League was made because all other means had failed?

Is there a sane man who doubts the competency of Wilson, Lloyd George, Clemenceau and Orlando to make what they intended to do? Would stricken Belgium have signed Belgium have signed this pact if it thought it would provoke war?

Would France have signed this treaty after it had been bled white unless it thought it was the hope of the world? Would Great Britain have signed it after its army had been driven to the wall to die, until the United States troops saved it, if it thought there was any better way to preserve peace?

If it is calculated to provoke war why have thirty-nine Nations of the World signed it including all the South American countries, which are as far from Europe as the United States?

If the Republican contention that it will provoke war why is it that all of the neutral nations of Europe signed it? Do they want war any more than the United States?

Why is it that Switzerland signed it after a referendum to the people, in which all the cantons except two German ones voted overwhelmingly for it?

Do you believe all the Christian denominations of the United States would have voted against its ratification if a Republican President had helped to form it?

With these indisputable facts on one side that the League was framed and ratified by the Nations of the world for the purpose of establishing permanent peace and with nothing on the other side but the strained construction of Republican leaders for partisan effect, we cannot see how any intelligent voter can do otherwise than vote for Cox and Roosevelt.—Elizabethtown News.

## 24 YEARS AGO

### In Cloverport.

Cards are out announcing the approaching wedding of Mr. J. Fred May and Miss Sarah Hamman, both of this city to occur Thursday, Nov. 5, at the residence of the bride.

Rev. S. C. Bates writes that he has charge at Monroe, O., and accepted a call at Riley, O.

Market price of new sorghum is from 18 to 20 cents.

Mrs. F. A. Reesor, of Markam, Canada, who has been visiting her sister, Mrs. James Crawford, returned.

Felix Carter's residence was consumed by fire at 6 o'clock Sunday morning. He carried an insurance of \$625.

A musical and literary entertainment was held in the Presbyterian church Friday night. The instrumental music by Mrs. Rafferty, Mrs. Boyd, Miss Eva May and Miss Ethel Oelze was greatly applauded. Excellent vocal music by Jas. B. Pace, Miss Mary LaHeist and Miss Lafayette LaHeist. A dialogue by Misses Eunice Crosson and Annie Hambleton was listened to with great interest. The recitation by Miss Lodocsa May, "She Wanted to Learn Elocution" kept the audience constantly laughing. She is a star when it comes to anything of this kind. The net proceeds amounted to \$30.

A very swell wedding took place Thursday, Oct. 15, and united for life Mr. Geo. Prout, of St. Louis, and Miss Letitia Hall at the residence of the bride's parents, Mr. and Mrs. Wm. Hall, of Webster. Rev. Rutledge officiated.

Hardinsburg—Claude Mercer stood an examination and was admitted to the bar as a practicing attorney in this court.

Bewleville—Misses Leah Payne, Annie Johnson and Maggie Paul, Messrs. Fletcher Blanford, Arthur Walker and Moorman Hardaway attended the Teachers' Association at Webster, Oct. 17h.

## BRIEF LOCAL ITEMS

Anita Stewart and Mrs. Mildred Harris Chaplain, wife of Charlie Chaplain, two noted movie stars, were on the L. H. & St. L. passenger train 141 Monday morning on their way to Owensboro. Miss Stewart, in company with several theatre managers from Louisville, got off the train while it was at the station and took a bird's eye view of Cloverport and its inhabitants.

Rev. E. C. Nall, pastor of the Baptist church is having his vacation spending it with his parents at their home in Trenton, Ky. Rev. Nall was absent from his pulpit Sunday and the members of the B. Y. P. U. held their meeting at the evening hour for church service.

Members of the local Masonic Order gave a banquet Friday evening in honor of the two candidates, Louis E. Smith and George Pettitt, both of Stephensport, who took the Chapter degree. Thirty-six guests were seated at the sumptuous banquet table.

About thirty-five members of the city's colored population had a clean-up day at their cemetery, which is located Southeast of the Cloverport cemetery, on Thursday of last week. They spread a picnic dinner on the grounds.

Mrs. Belle Lewis, of Owensboro, who is 80 years old, rode to the poles and registered in the her home city. Mrs. Lewis predicts that Cox will be elected and says she is going to help elect him. Mrs. Lewis is the mother of Miss Florence Lewis, of Owensboro, and of Mrs. Wm. Darst of this city.

Mr. Charlie Satterfield, employed in the grocery department of J. C. Nolte & Bro's. store, has been confined to his home for over two weeks on account of illness.

## FROM OUR READERS

Editor Breckenridge News:

I have been receiving your paper for several weeks and each issue is like a chat with an old neighbor.

There are a good many Breckenridge county people in this county. Thomas Hook, Wm. F. Walker, Chester Payne and Jesse Kinnison, are employed at the gas plant where my husband works. Charlie Wood is conductor on the street cars here, and there are several more farming about Bonita, Sunnyside and Chula Vista, small towns near here. All of them industrious, law abiding citizens. If California had more like them and fewer foreigners it would be a better place to live. Most of us are greatly attached to the state of our adoption, but we never forget our old Kentucky home and nearly all of us dream of the time when we will again be

able to quench our thirst with the water that flows from under the rocks of her dear old hills.

Ples Wood was in town a few days ago exhibiting his newest boy, Ples, Jr. This makes five bright healthy children for Ples, and when he drives into town it looks like his car was made to order as it is just nicely filled.

Mrs. Minnie Meador, who runs the boarding house at the Winsor Ranch, was in town a few days ago having some dental work attended to, and the writer borrowed her little girl, Opal, for a couple of weeks.

Mr. Sell Hobbs is the latest addition to the Kentucky colony at Bonita. He and his family moved over from the Imperial Valley, about three months ago.

We feel that your readers would like to hear from other former citizens who are making their homes in distant places.

We hope your correspondents from Garfield and Harned keep busy.

If this escapes the waste basket I may try again. Alice Star, (nee Wood) 251 10th St., San Diego, Calif.

## TO OPEN 6,300 ACRES IN CALIFORNIA ON DEC. 3.

Washington, Oct. 12.—Approximately 6,300 acres of homestead and desert land in the Eureka and Sacramento land districts of California will be opened to entry December 3, the Interior Department announced today.

The land is classed as non-agricultural, mountain grazing land, and entry will be reserved to ex-service men of the world war for sixty days after the opening, as provided by law.

## CATGUT FROM SHEEP AND NOT FROM NOCTURNAL SERENADER

When a sheep is dressed, parts of the intestines are sent to the sausage casing department to be made into casings for different kinds of sausage, but the small intestine, which is about the size of a lead pencil and eight yards long, is sent to the string factory to be manufactured into such products as musical strings, surgical ligatures, tennis racket strings, clock cords, loom gut, belt lacings, helting and the like. The popular conception is that these articles are made from catgut; but let us exonerate our friend with the midnight voice, for no cat or any part of one has ever been used in the manufacture of catgut. Once a violin was called a kit, and the strings were sometimes made from intestines it is likely they were called kitgut, from which we have derived the present name of catgut.—Saturday Evening Post.

## STATE LIME PULVERISERS FOR COUNTY

**Lime Pulver For Use of County Farm in Pulvering Limestone on Farms.**

Through the efforts of the County Agent, Jos. W. Harth and others, one of the large State lime pulverizers has been secured for the use of the farmers of Breckenridge County, to pulverize limestone on their farms. The pulverizer and a mechanic to care for and operate same will be furnished free to any farmer desiring to

pulverize limestone. The farmer will be asked only to board the mechanic, while the pulver is at his place and to furnish power for operating the machine.

This is a splendid proposition for the many farmers desiring to use limestone, and it is expected that many will avail themselves of this opportunity of securing limestone at a minimum cost. Those desiring to take advantage of this proposition should get in touch with the County Agent at Hardinsburg, who will explain all details.

The following prominent citizens of this county wrote letters to the Commissioner of Agriculture, Hanna, and used their influence otherwise, to secure the pulver for county: County Judge S. B. Payne, Circuit Clerk, P. M. Basham, County Attorney, Sherman Ball, H. M. Beard, Geo. E. Bess, W. J. Piggott, and Hon. John P. Haswell.

## "LOOKED BAD FOR ME" HE DECLARES

**Kept Growing Worse Until He Almost Gave Up—Tanlac Restored His Health.**

"I thought I would have to quit my job but two bottles of Tanlac have put me back in as fine health as I could want to be in," said John Block, 1105 Dumesnil street, Louisville, Ky. "My trouble started about a year ago and I went down hill until it was all I could do to hold out at work till night. My stomach was in an awful shape and I never wanted to eat anything hardly for everything disagreed with me. I had rheumatism from the small of my back to my knees and I couldn't sleep well. I felt tired from morning till night and many a time thought I was going to give out."

"Finally I decided to try Tanlac and while I have been taking it only about three weeks it has built me up more than I ever thought any medicine could. My appetite can't be beat. I relish everything I eat and never suffer after eating. I don't feel a trace of rheumatism, I sleep sound every night and get up of mornings feeling fine. I'm as good a man physically as I ever was and never miss a day from work."

Tanlac is sold in Cloverport at Wedding's Drug Store, in Kirk by Mattingly Bros., in Addison by L. D. Addison, in Annons by Wm. H. Dutschke, and in Stephensport by R. A. Shelman—Advertisement.

## LIFE-LONG LEADER IN G. O. P. WILL VOTE FOR GOV. COX

**I. W. Bernheim Condemns Selfishness of the Republicans.**

### MAKES PLEA FOR LEAGUE

(Louisville Times)

I. W. Bernheim, a lifelong Republican, who gave the Thomas Jefferson Statue to Louisville and is to give one of Abraham Lincoln to this city, announced today that he will cast his vote in the election next month for Governor Cox.

"I am a Republican and never can be a Democrat, but I cannot support the Republicans this year," was Mr. Bernheim's statement and he gave as his reason the fact that conscience will not permit him to support the "Republican leaders who have committed the crime of playing politics when an impoverished and starving world was looking to us for guidance and leadership."

In past years Mr. Bernheim has been a liberal contributor to the Republican campaign funds. This year, however, the G. O. P. will receive no assistance from him. Mr. Bernheim's statement follows:

**Republican Fifty Years.**  
"I have been a Republican down in the so-called Gibraltar District of Kentucky's democracy for over half a century. In fact, I have been a Republican when in McCracken County they were known only as 'Black Radicals.'"

"Next to my religion came my deep attachment to the Republican party, but I shall have to forget my past record and vote this time for the Democratic Presidential standard-bearers, solely because my conscience won't permit me by my vote to confirm the acts of our Republican leaders, who committed the crime of playing politics when an impoverished and starving world was looking to us for guidance and leadership."

"In the Spanish-American War we became the owners of Cuba, the choicest piece of real estate in the entire world. We surrendered it to the rightful owners in the fullness of time and thereby furnished to the world an object lesson in unselfishness unmatched in modern or ancient history."

"We entered the World War in the same unselfish and noble spirit. We asked for neither territory nor compensation."

"We made untold sacrifices. Our best blood was sent overseas, and many of our heroic dead are resting in foreign soil."

**Past Holiest Possession.**  
"Thanks to the heroism of our boys and the wonderful resourcefulness of our people, we finished the job and did it well. At the conclusion of the armistice we became by unanimous consent of the world its leaders. The hundreds of millions of human beings—unhappy, impoverished and starving, looked upon us as their 'big brother.' Providence had showered upon us everything needful for the task including boundless wealth, and selected us as

"The Moses to bring the children of Israel out of Egyptian slavery and darkness."

"But a narrow leadership in the Republican party has trampled underfoot the world's holiest possession, the League of Nations, the pact which foreshadowed perhaps in as yet an imperfect and crude way, the time when

"They shall beat their swords into ploughshares and their spears into pruninghooks; nation shall not lift up sword against nation; neither shall they learn war any more."

"The suffering of the world has in the meantime measurably increased since that November day of 1918."

**Death Holds High Carnival.**

"Death and poverty continue to hold high carnival in some of the fairest portions of Europe and the end is not yet. On the contrary, the coming winter promises to break all records in disease and death and suffering and want for the necessities

**Household Effects Are Sold At Auction To Furnish Famous Midget Money.**

Count Magri, or perhaps more universally known as Tom Thumb, the celebrated midget, who has been received by royalty and traveled with the late P. T. Barnum and other great showmen, is now old, in poor health, and practically penniless. At his home in Middlesboro, Mass., last week his household effects were sold at auction in order to furnish the Count with sufficient means to return to his old home in Italy.

The Count made a pathetic picture as he sat in silence and saw his valuable furniture and paintings that his dead wife Countess Magri, known also as Mrs. Tom Thumb, bought from many foreign countries. Many of the things were gifts to the famous midget.

Among the collections sold was a bed and canopy presented to Gen. Thumb by P. T. Barnum, which was sold for \$81. It was considered a remarkable piece of furniture in black walnut, hand carved with high cornerposts with a brocade canopy. A handsome Italian painting went for \$38, an inlaid Japanese sewing box fitted with compartments, for \$22, and a solid ivory set of chess men was bid in for \$53. A pair of chimes slippers brought 15 cents.

The buyers were mostly antique dealers. Moving picture men from Boston were at the sale and several feet of film were taken of Gen. Thumb playing the piano and riding his bicycle.

of life, all because the Republican party allowed itself to be led by a selfish, greedy and criminally narrow leadership—a leadership which has almost destroyed the fruits of the war and has laid us open and perhaps justly to the charge of cowardice.

"I am for the League of Nations because back of it stands the American principle of 'life, liberty and the pursuit of happiness' for all the downtrodden of every clime."

"Our people have put their hands to the plow and we shall not turn back."

**You Guard Against Burglars, But What About Rats?**

Rats steal millions of dollars' worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats or dogs won't touch it. Comes in cakes. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Conrad Payne & Co., Cloverport, and B. F. Beard & Co., Hardinsburg.

## A Waterloo Boy Does Your Work the Way You Want it Done

The Waterloo Boy gives you service that pays most—the service you want. It does your work the way you want it done.

Its twin-cylinder engine gives you 12 H. P. at the drawbar, and 25 H. P. on the belt. It burns kerosene, and by means of a patented manifold converts every drop of this low-priced fuel into rugged, positive power.

A pump, fan and radiator cooling system holds the engine at the proper temperature for correct lubrication, and maintains enough heat to insure complete combustion. The radiator holds thirteen gallons. You don't have to stop in the field every few hours of a hot day and fill it. That's real service.

You have to see the Waterloo Boy to fully appreciate it. Come in and we will show you and tell you why the Waterloo Boy is the right tractor for your farm.

Accessibility and simplicity of construction make the Waterloo Boy a real farmer's tractor. Two-cylinder design permits large, rugged parts, also fewer parts. Fewer parts make it easy to understand. It's no trick to care for a Waterloo Boy.

A drawbar shift lever, which enables you to shift the hitch either to the right or left of center, is a great convenience when plowing on hillsides or in finishing lands. Your plows take full cut at all times.

The Waterloo Boy is especially strong and rugged in its construction. It stands up under the most difficult and trying conditions of your farm work. Its various parts are designed to meet every possible strain.

The Waterloo Boy Engine runs without vibration. Its well-balanced weight provides proper traction in soft ground. Hyatt Roller Bearings conserve power by reducing friction.

## LOOK AT YOUR BLOOD

Pale Complexions, Languid  
Feelings, Lowered Vitality,  
Need More Red Blood.  
Take Pepto-Mangan

So many people spend week after week feeling down and out. They never stop to think that something really is the matter. They satisfy themselves by saying, "Oh, I'm not sick. I'll be all right tomorrow." And tomorrow comes again and again. Still they feel depressed and languid scarcely able to get around. If you don't feel like yourself, you are not yourself. If you are weak and pale, your blood needs strengthening. You should know about Pepto-Mangan, that famous blood tonic. Physicians recommend just the ingredients needed to make red blood. It renews your energy, puts you where you ought to be. Begin with it today. Get the tablets if they will be more convenient to take than the liquid. Both have the same medicinal properties. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package. Advertisement.

## CROW IS BOTH FRIEND AND FOE TO FARMERS.

Helps To Wage Warfare on Insects  
And Raids War on Cornfield.

That the crow's character is not so  
black as it is usually painted is dis-  
closed by investigations made by the  
Bureau of Biological Survey of the  
United States Department of Agricul-  
ture. In fact, the department's "bird-  
men" say that much of the work the  
crow does is of direct assistance to  
the farmer, for "Mister Crow" wages  
warfare all summer long on insect  
pests. In fact, insects supply about  
one-fifth of its food, and those which  
he prefers in his diet are the worst  
insect pests the farmer has to contend  
with—grasshoppers, caterpillars, and  
white grubs and their parents, May  
beetles.

On the other hand, the crow raids  
the cornfield and the poultry yard,  
and kills small wild birds and destroy-  
es their nests. From the evidence at  
hand the crow's merits and short-  
comings appear about equally divided.  
While it would not be well to give it  
absolute protection and thus afford  
the farmer no recourse when the bird  
is doing damage, the Bureau of Bi-  
ological Survey believes that to adopt  
the policy of killing every crow that  
comes within gunshot would be equal-  
ly unwise.

## FEDERAL AID MON- EY FOR HIGHWAY

Government To Appropriate  
\$469,956.14 For Breckinridge  
County's Part.

Washington, Oct. 16.—Secretary  
Meredith, of the department of Agri-  
culture, announces that he has autho-  
rized the granting of federal aid to  
the extent of over \$800,000 for road  
building in Kentucky. These awards  
are the largest made this fiscal year to  
any state. The specific projects ap-  
proved and amount of federal aid  
granted in each case follows:

Jackson—Wolfe county road be-  
tween Jackson and Wolfe county line,  
\$31,887.54.

Louisville—Paducah road between  
Meade county line and Hancock  
county line in Breckinridge county,  
\$469,436.14.

Barbourville—Pineville road, be-  
tween Barbourville and Bell county  
line, \$160,323.35.

Dixie Bee line road, between Web-  
ster county line and Christian county  
line, Hopkins county, \$170,150.75.

At least the State must match dol-  
lar for dollar. This means an expendi-  
ture of over \$1,600,000 on Kentucky  
roads.

## LEWISPORT BANK HAS CANNON BALL ALARM

New Device Installed For Protection  
Against Burglars.

A new device that's used by the  
modern banks for protection against  
burglars is the Cannon Ball Alarm,  
which the Bank of Lewisport, Lewi-  
sport, Ky., has had installed in its  
bank.

The device is an iron-barred double  
door which is adjusted in front of  
the vault and the instant the gril-  
led doors are touched an alarm is sound-  
ed. The Cannon Ball Alarm is said  
to be one of the surest means of pro-  
tection from the hold-up artists or  
burglars either. To molest it is ab-  
solutely fatal.

## PROMISING FIELD FOR PUREBREDS

**\$400,000 Worth American  
Purebred Live-Stock Sold in  
U. S. A. Last Year.**

American purebred animals to the value of \$400,000 were sold in South America during the first six months of this year, and live-stock commissioners sent to South America to develop the American purebred industry in that country report that the field is very promising. Even in out-of-the-way places where transportation facilities are poor pure-bred hogs and high grade and purebred bulls have been found by the commissioners. At Lavras, a town about 250 miles northwest of Rio de Janeiro, there is an American mission college whose farm contains purebred Duroc-Jersey hogs and Brown Swiss and Holstein cattle, the foundation stock of which was imported from the United States.

Most of the cattle in the State of Minas Geraes, one of the important stock-raising sections of Brazil, are dairy stock showing considerable Holstein blood. The cows are milked once a day and produce on an average about three quarts of milk. The commissioners are of the opinion that this production could be materially increased by better feeding and more scientific handling of the cows.

According to reports received by the Bureau of Markets, the outlook for the future marketing of American purebred live stock in South America would seem to be particularly good, if it is properly developed, and the commissioners are doing everything possible to encourage the business.

### CUBAN WOMEN SELDOM APPEAR IN PUBLIC; HUSBANDS BANDS ACCOMPANY THEM.

Cuba, like all Latin-American countries, especially of the tropics, is eschew of women on the streets, even at essentially a man's country. One of the great surprises of Havana is the scarcities when they swarm with promenading men. The Cuban believes as firmly as the old Spaniard that the woman's sphere is strictly behind the grill of the front window, and with few exceptions the women agree with him. The result is that her interest in life beyond her own household is virtually nil. The Woman's Suffrage Party of Cuba recently issued a pomposus manifesto, but it seems to have won about as much support as would a missionary of the prohibition movement. In the words of the militants of the sex in Anglo-Saxon lands, "the Cuban woman has not yet reached emancipation."

The clerks, even in shops that deal only in female apparel, are almost exclusively male. The offices that employ stenographers or assistants from the ranks of the fair sex are rare, and these usually recruit such help in the States. Except on gala occasions it is extremely seldom that a Cuban girl of the better class is seen in public, and even then only in company of her duenna, or a male member of her immediate family, and few married women consider it proper to appear unaccompanied by their husbands, despite American example.—Philadelphia Enquirer-Bulletin.

### THEY'RE SWAPPING SCRUBS FOR PURE BREDS IN MISSOURI

Would you trade a scrub animal for a pure bred? They're doing it in Pettis County, Mo., according to a report received by the United States Department of Agriculture. The report explains:

"In a recent meeting of the board of directors of the Pettis County Holstein Co., the work that the Government and State are doing to eliminate the grade and scrub sire was discussed. Just how to help was a question until it was suggested that some of the young bulls be traded for grade or scrub bulls. It was finally voted to offer to exchange a purebred bull calf with anyone using a beef bull of any breed or a grade Holstein bull, if he is a year or two older. They will devote 25 bulls to this cause between now and January 1, 1921, the first 25 applicants getting them. This removes the excuse of at least 25 men for not building up their herds. Even if they have cows of mixed breeding by use of the pure-bred bull they will soon have a herd of high-grade cows."

"After such an excellent start on the part of the breeders to assist in the 'Better Sires—Better Stock' movement, no other wish can be voiced except that many may see the principle of better business as the dominating thought behind such moves."

### 2,000 BUILDINGS AT CAMP TAYLOR TO BE SOLD

Washington, Oct. 13.—The war department announced Tuesday afternoon that sealed proposals for the sale of 2,000 buildings and all other property owned by the government at Camp Zachary Taylor will be opened in Washington on December 1, or November 30. The exact date will be determined later.

The initial advertisement for bids will be published soon. Authority to sell everything the government owns at the camp has been granted by congress and will be exercised by the war department. Bids will be asked in bloc and also by parcels. A reasonable time will be allowed to remove the buildings.

**"SOUL WEIGHER" IS DEAD.**  
Haverhill, Mass., Oct. 15.—Dr. Dun-can MacDougall, a surgeon known particularly for his experiments in "the weighing of the soul," died in his home here today at the age of 54. Through delicate weighing devices Dr. MacDougall arrived at the conclusion that the human soul weighs between six and eight ounces. His method was to determine the actual weight of the body immediately before and immediately after death. He conducted his experiments in this subject over a period of many years.

### WHITTILING A LOST ART, LAZINESS THE REASON.

I am informed by competent authorities that whittling is rapidly becoming a lost art. I myself have observed that the benches of our public parks and the seats in railway stations (I speak now of our rural sections) wear, even when several weeks have elapsed after their installation, an aspect of neatness that comes as a poignant regret, jealous as I am of our older institutions.

I consulted the janitor at the Iron-town (Indiana) station, where I had a recent hour to wait, and was informed that such was the pleasing fact; that where as a waiting room bench had a shorter life in the older days than a two bit harmonica, the present benches in the men's waiting room over which he had jurisdiction had lasted well into 18 months.

A local dealer in plows and harrows, ticketed to Richmond, spoke up. "I've noticed the same in front of my store," he said, "I used to set a box out in front of the store for the boys to set on, and the next day they'd

be nothin' left of Mr. Box 'ceptin' a lot of whittlin' littered like around the sidewalk. But now a box last just about all Summer. No, whittlin' ain't what it were!"

"What," I asked in the true spirit of philosophy, "is the reason?" and received an explanation that I myself scarcely credit, but that I pass on for what it is worth:

"They're too cussed lazy today to whet their jackknives!"—Cartoons Magazine.

### RELIGIOUS BOOM IN WEST AND SOUTH, SAYS E. G. ADAMS

New York, Oct. 10.—"There is too much of the spirit in this country of 'Getting while the getting is good,' said Ernest G. Adams, of Boston, chairman of the Unitarian campaign, preaching in the Church of the Saviour, Brooklyn, today to a large congregation.

"If the country founded by the Pilgrim Fathers 300 years ago is to continue as the 'Hope of the World,' America today must get back of the religious fundamentals of those early

religious liberals," said the Boston man. "What is needed is a reconstruction of the religious background of the country and an awakening of the Pilgrim concept of the responsibility to God."

Mr. Adams said he had been on a trip through 13 of the principal cities in 10 Western and Southern States, and his observations led him to believe that men are "talking religion," in fact, that there is a religious boom on in those parts of the country.

### RAILROAD ASSESSMENTS ON THREE ROADS CUT \$6,126,000.

Frankfort, Ky., Oct. 11.—Assessments of the three big railroads in Kentucky, were reduced a total of \$6,216,080 by the state tax commission this year. The Illinois Central assessment is the same as for 1919, but the Louisville & Nashville was reduced \$3,932,412, the Cincinnati, New Orleans & Texas Pacific \$820,568 and the Chesapeake & Ohio \$1,463,100.

The reductions were in the franchise valuations without a corres-

ponding increase in the valuation of their tangible property. The Louisville & Nashville's tangibles were increased \$64,293, and its franchise was reduced \$3,996,705. The Cincinnati, New Orleans & Texas Pacific had \$62,500 added to its tangible schedules, and its franchise was reduced \$882,168. The Chesapeake & Ohio had a raise of \$225,413 in its tangible property and a cut of \$1,463,100 in its franchise.

The Louisville, Henderson and St. Louis railroad was at \$2,093,693 for tangibles, \$2,648,607 for intangibles, a total of \$4,742,300.

### MACHINE MAKES HOLES IN ROQUEFORT CHEESE

The venerable vaudeville gag about the workman who hores the holes in Swiss cheese was probably originated by a jokesmith who did not know that the American imitation Roquefort cheese actually receives this treatment. And now a machine has been developed for this work, says the Popular Mechanics Magazine for October in an illustrated article. It consists

fundamentally, of large number of vertical needles which are pushed down through the cheese as a hand lever is depressed. The purpose of making these holes is to quicken the growth of the mold, or fungus, which gives the substance its familiar flavor and appearance.

### MOUNT MITCHELL IN N. C. NEARLY 7,000 FEET HIGH.

Many people believe that Mount Washington, in New Hampshire, is the highest mountain in the eastern part of the United States. Mount Washington stands 6,293 feet above sea level, according to the United States Geological Survey, Department of the Interior, but many peaks in the Southern Appalachians are several hundred feet higher than New Hampshire's famous mountain. The highest mountain in the Appalachian system east of the Rockies—is Mount Mitchell, in North Carolina, which stands at an elevation of 6,711 feet. The highest mountain in Tennessee, Mount Guyot, stands 6,636 feet above sea level.
